Britney, I feel your pain!

We all do! While we're not dancing around in music videos wearing tiny leopard-print crop tops (well, not today anyway!), we all know what it's like to see ourselves in an unflattering outfit.

Case in point – I recently went to my friend Stevie's wedding and decided I needed a crisp, new, white shirt.

With five minutes to spare on a busy Friday, I ducked out and grabbed a go-to shirt from a go-to shop, without trying it on. Hey, it's the same size and brand as last time – what could go wrong?

Well, nothing... as long as I stood in one position with my shoulders hunched and stomach firmly sucked in. Or got myself a few pairs of man Spanx!

But any hint of movement from the waist up and those buttons were strained so tight, they were practically pinging off. When I later spilled pasta sauce down the front, it really completed the look.

Lucky for Brit, they'll airbrush the crap out of that clip until there's not a lump out of place.

If only there was airbrushing in real life. Oh, that's right, there are apps for that – right, Lindsay (page 28)? Maybe I need to take a lesson.

Enjoy the issue!

"I am always fighting with my weight, and as a result have large stretch marks which can be embarrassing. I was watching TV and the advertisement came on for Bio-Oil. So I tried it and it made my skin feel great. I used it for the next couple of months and slowly my stretch marks started to look a lot better. It's made me a lot happier. Since I've been using it I have told everyone in my family, the people I work with and my friends. I have been using it religiously since it makes my skin feel great. It's good to know that there is actually something out there that does what it advertises." Casey Gray

Bio-Oil® is a specialist skincare product formulated to help improve the appearance of scars, stretch marks and uneven skin tone. Its unique formulation, which contains the breakthrough ingredient PurCellin Oil™, is also highly effective for ageing and dehydrated skin. Bio-Oil is available at pharmacies and selected retailers at the recommended selling price of \$14.95 (60ml), \$24.95 (125ml) and \$34.95 (200ml). Individual results will vary.

Kim & Kanye's baby miracle 'IT'S TWIN BOYS'

After a long struggle, Kimye are gearing up to bust out the blue!

They live the kind of charmed life most regular folk can only dream of, but one thing has continued to elude Kim Kardashian and hubby Kanye West – a much-longed-for second baby.

But it looks like it's time to crack open the champers and start knitting some blue booties – because the klucky kouple have some major news to celebrate. Not only has Kim finally fallen pregnant after more than a year of trying, but she's giving her baby-mad beau the best gift ever – not one, but two bouncing baby boys!

'KANYE'S
BEEN
GAGGING
FOR A SON'

"Kanye's totally in love with their daughter North, but you can tell by the way he dresses her up like a little dude sometimes that he's been gagging for a son," an insider reveals.

"So Kim's been making sure all the pawns are in place for him to get one."

But having two boys on the way is more than Kim and Kanye had dared hope for, given their struggle to fall pregnant.

"It's been more challenging to get pregnant the second time around,"

admits Kim, adding that there was "nothing on earth" she wanted more than another bub.

With the risk that this could be her last pregnancy, Kim turned to IVF to boost her chances of having twins – and the 34-year old's regular visits to an LA fertility clinic have paid off massively, especially since Kim and Kanye, 37, were able to choose the sex of their babies!

"Although controversial, gender selection or 'family balancing' is becoming more common in the USA – it's a highly successful procedure," continues the family insider.

Rather than announcing their happy news straight away, though, we hear Kim's playing it coy – just like she did when she found out she was expecting daughter North, now 22 months old – and only telling close family. Nanna Kris must be so proud! ■

Kim's miracle babies

With the odds stacked against her, falling pregnant again is a dream come true for Kim. On a recent episode of *Keeping Up With The Kardashians*, the reality star had surgery to have leftover parts of her placenta detached from her uterus, while doctors warned she may not be able to carry another child. And when Kris suggested using her sister Kourtney as a surrogate, Kim freaked out. "A surrogate is really scary to me," she said. "I don't want one."

The big reveal!

Just as she has been open about showing her struggles to conceive, Kim will reveal her medical records on an upcoming episode of the show... when the time is right!

Kris and Corey's baby bombshell!

Is the mumager ready to take the next step with her toyboy lover?

Things are getting serious between Kris Jenner and her toy boy Corey Gamble! Earlier this month, she and the 33-year old were spotted with a trolley full of kiddie-friendly gifts at an LA Toys "R" Us store – but were they for buying for Kim or does empty-nester

Kris, 59, have some news of her own? Indeed, rumours were swirling last November that she was considering adoption, with a source revealing, "[Corey] would totally support her decision to add to her brood if that's what she wanted."

Was this on your bucket list?

Just put 'em in the trolley, toyboy!

I think I'm going to be a daddy...

WHAT IS GENDER SELECTION?

Illegal in Australia, gender selection begins with IVF, whereby eggs are extracted from the mother and fertilised with the father's sperm. After the desired sex of the embryo is determined via DNA testing, it's then implanted into the mum. According to statistics, around 10 per cent of IVF cycles in the US are performed specifically for gender selection.

The country clinger isn't going to let Calvin slip through her fingers!

She can pen a soppy ballad like a boss, but when it comes to finding love, Taylor Swift has hit a few bum notes along the way.

moving Swiftly!

back in February, pals say her desire to keep the 31-year-old DJ close may backfire.

"Taylor really wants this relationship to work," explains an insider. "But she's moving too fast and won't listen to anyone."

With her world tour starting on May 5 and Calvin still on a residency at Las Vegas hot spot Hakkasan, Tay, 25, has devised a plan to ensure their romance doesn't fizzle.

Not only has she instructed the DJ to FaceTime her at least three times a day, she's been house-hunting near his London home so they can meet up whenever their schedules allow.

We also hear Taylor has a bub on the brain – the clucky

star's even been uploading pics of Calvin and herself to a baby-morphing app to see what their kids will look like!

But sources are worried that Taylor's eagerness to make things work and finally get her

happy-ever-after may have the opposite effect, with several pointing out that exes Jake Gyllenhaal, Harry Styles and Conor Kennedy all pulled out of their relationships after just a few months of dating.

"Taylor's friends are shocked at how quickly she's fallen for Calvin," adds our insider. "But she doesn't want him to lose interest, and she's doing all she can to have a romance that lasts for a change. All anyone wants is for her to be happy." ■

He's since attracted a string of high-profile hotties, including Rita, model Aarika Wolf and now Taylor.

CHRIS MARTIN

Forget Coldplay – it's all about foreplay for the 38-year-old rocker! Friends insist he's playing the field with at least five women – including his estranged wife Gwyneth Paltrow, as well as Alexa Chung, Kate Hudson, Jennifer Lawrence and an unknown groupie based in Toronto. "Chris doesn't want to limit his options," says our insider. "He comes across quite shy but he's very sexually confident."

ED SHEERAN

This British pop star proves that not all girls go gaga for tall, bronzed and athletic. Short, ginger-haired Ed has been linked to Ellie Goulding, chef Athina Andrelos and model Barbara Palvin. "I guess Austin Powers was considered a sex symbol, and we share similar physical-appearance qualities," the 24-year-old admitted after making it onto *People* magazine's Sexiest Man Alive list in 2013.

The sad truth behind the lonely reality star's dark, downward spiral

Living under the glare of the spotlight has never been easy for increasingly reclusive Rob Kardashian.

Indeed, ever since he sensationally skipped his sister Kim and her husband Kanye West's wedding last May, Rob is believed to have been struggling with depression, substance abuse, overeating and compulsive spending.

With grave fears for his life, the famous clan is doing all they can to help the troubled 28-year-old beat his demons.

Depression

So worried are they about his welfare that they're keeping an even closer eye on Rob – who's become far more distant from the family in the past few months – than usual.

"I feel like if I don't help him do something drastic, he's going to die," says his mum Kris Jenner, who we're told is desperately trying to get him the help he needs as she feels he can no longer care for himself.

The matriach's worries seem legit, given Rob's numerous failed rehab stints and his unpredictable behaviour.

According to sister Khloe – who lets Rob stay rent-free at her \$9.35 million Calabasas mansion – he locks himself away for hours on end in his room and only leaves the house at night.

Often, he'll go missing for days at a time!

Drug and food addiction

Disturbing footage from a recent episode of *Keeping Up With The Kardashians* shows Rob's room littered with rotting food and bottles of prescription drugs.

Rob was always close to his sisters, but times have changed

Little boy lost!

This is a real cause for concern as his drug use is reportedly spiralling out of control.

As well as regularly downing the opiate drink sizzurp favoured by rap stars, there are now worrying whispers that Rob's also started using ice!

"Rob is hooked on crystal meth. He's a drug addict," a friend controversially claims to US mag *InTouch*. "His problems started because of social anxiety... but now his issues are all magnified. Rob's a total mess."

Despite yet another attempted intervention with a therapist, his mum and sisters Kim, Khloe and Kourtney, 36 – during which they urged their troubled brother to "accept the f*cking help" – Rob is refusing any assistance and it's tearing them apart.

Compulsive spending

In an exercise of tough love, Kris, 59, has been forced to cut her son off from the family's \$169 million fortune.

It's believed the sock entrepreneur has been burning through "a lot of money" on who knows what.

A family divided

While 34-year-old Kim – who last month Rob labelled a "bitch" on social media – is all for the harsh method, telling her brother he would no longer be financially "taken care of whatsoever", kind-hearted Khloe, 30, believes

a softer approach would be more effective in the long run.

"She feels like when he's ready to get better, then she'll push him," explains a source.

While the siblings squabble on their next step, Kris is at her wit's end. "She has sent therapists to Rob, personal trainers – every expert," says a source. "Kris doesn't know what to do." ■

WHAT'S KILLING ROB?

HE'S NOT RESPONDING TO ANYONE OR ANYTHING

ING

BUTTING HEADS

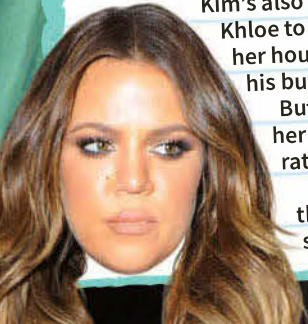

Rob's troubles are causing a division between his family, with Kim and Khloe at loggerheads over how to help him.

After already encouraging their mum to cut off Rob from the family fortune,

Kim's also pressuring softie Khloe to boot him out of her house in a bid to kick his butt back into gear.

But while Khloe agrees that her brother needs an intervention, she would rather it was done in a more sensitive way.

"Kim gets that he's depressed, but if he lives this lavish life and refuses to get treatment, she won't feel bad for him," adds an insider.

Ultimate betrayal

Mischa's sick of being treated like an ATM by her mother.

IN HAPPIER TIMES...

WAS MISCHA FLEECE BY HER MUM?

It reads like a storyline straight out of her hit TV show *The OC*, but Mischa Barton is suing her mother Nuala for theft.

The lawsuit filed last week alleges Mischa's mum used the star's name to launch a bag line and clothing store, and then defraud her of the profits.

What's more, the court papers call Nuala a "greedy stage mother posing as a talent

manager", who lied to Mischa about her paycheck from the 2015 film *The Hoarder* and pocketed the difference!

The 29-year-old's lawyer Alex Weingarten also claims Nuala rigged the purchase of Mischa's \$10 million Beverly Hills mansion to make herself co-owner, and has since locked her daughter out so she "can't even visit her dog".

BRUCE'S SOLO HIKE

With official confirmation that his Diane Sawyer tell-all interview will air on April 24, it was a troubled Bruce Jenner, 65, who stepped out for a lonely walk in Malibu. Flashing his painted nails, Bruce - who's in the middle of gender reassignment surgery - appeared to have a lot on his mind.

Kristen and Rob

'We're both getting married!'

The exes gear up to take the plunge with their new partners!

What's that sound? That would be us sobbing

loudly as our final hopes for a Robsten reconciliation are officially shattered.

That's right – former flames Robert Pattinson and Kristen Stewart are about to make honest gals out of their new loves!

After news broke last week that R-Patz had broken hearts the world over by saying yes to his ladylove FKA twigs – yep, she did the asking! – an insider has revealed that K-Stew and her live-in girlfriend Alicia Cargile are celebrating some big news of their own!

"Kristen asked Alicia to marry her on New Year's Day, while they were holidaying in Hawaii," spills the source, adding Kristen got down on bended knee to pop the question.

Happy with Alicia, a source says, 'Kristen isn't concerned about Rob's engagement.'

K-Stew

Kristen and Alicia have been pals for years, but rumours of a romance have circulated since the start of last year, and they stepped out hand-in-hand in LA on April 4.

Gwyneth Paltrow, 42, and her *Glee* co-creator beau Brad Falchuck, 44, looked smitten when she took him to Robert Downey Jr's 50th birthday bash! "Gwyneth and Brad have had a personal relationship for a long time," an insider spills. "It is still evolving."

They enjoyed a romantic vacay in the South of France after his 1D split

What's the rush, Perrie?

Despite recent reports that he's been cheating on her for years, Perrie Edwards, 21, wants to marry Zayn Malik, 22, stat! "They're planning to get married as soon as possible," confirms an insider.

R-Patz

BRITISH BAES

This low-key couple – who share an aversion to the spotlight – have been inseparable since they started dating last August.

'It was very spur-of-the-moment, she didn't even have a ring so she just gave Alicia a piece of coral that she found on the beach. Neither of them are big on jewellery so they decided to get tattoos on their ring fingers when the time comes.'

But while news of Rob, 28, and Kristen's engagements reached us just days apart, they won't be hitting the aisle at the same time.

Whereas Kristen, 24, and her former assistant Alicia are perfectly happy living together

in pre-marital bliss at K-Stew's LA pad for now, Rob and 27-year-old twigs – aka Tahlia Barnett – reportedly can't wait to make things official.

In fact, we hear the Brit couple – who reportedly got engaged around Christmas after just months of dating – are keen for a UK wedding later this year, just as soon as they've found the perfect London home for the family they're already planning.

"Rob knew from the moment he met Tahlia he wanted to marry her," adds our insider. "They want to get started on having kids right away." ■

Heads must have rolled for letting the singer step out in this unflattering ensemble to film the video for *Pretty Girls*, her duet with Iggy Azalea.

Brit certainly stood out

in day-glo plastic earrings, patchwork low-rise flared jeans and a leopard-print crop top at the LA shoot.

Cranking the “OMG!” factor up a few notches, her nude bra also made an appearance when one of her tatas popped out!

But it seems Brit was proud of the OTT look, writing on Instagram, “Girls roll, windows roll [down], [eyes] on us, jaws on the ground.”

And the beautiful blonde – who is mum to sons Jayden, eight, and Sean, nine – certainly offers no apologies for her polyester passions!

“When I was younger, I cared a lot more about what I wore,” says Brit, 33.

“But the older you get, the more you think about what’s easy and comfortable.”

Kylie's in the family way

Kylie & Tyga

'We're family

The young lovebirds are proud parents – and his ex is furious!

Since they started dating last year, their relationship has attracted more than its fair share of controversy, but to Kylie Jenner and her rapper beau Tyga, they're just like any other couple in love.

Proving how tight they are, the pair were even spotted playing happy families with Tyga's three-year-old son King Cairo at an Easter Sunday church service in LA.

Flanked by members of the Kardashian clan, Kyles looked every bit the doting

stepmum as she followed Tyga, 25, and little King into the church.

One person who wasn't going gaga over the super-cute scene, though, was Tyga's feisty babymamma Blac Chyna.

In fact, she was downright furious about her son going on such a high-profile

outing with reality

TV's first family. And Kylie's telling friends she'd totally adopt the tot if she had the chance!

"Blac is so angry right now – she made Tyga promise months ago that

'BLAC WANTS LEGAL DOCUMENTS TO PROTECT HER SON'

Easter – then & now

What a difference three years makes! The Kardashians were once again out in force for their Easter church service, but the line-up's seen some major changes. In 2012, Bruce Jenner and Kourt's son Mason were the token male in attendance, whereas this year Kris and her daughters were joined by her toyboy Corey Gamble, as well as Tyga and Kim's hubby Kanye West. There were also a few more young faces to keep Mason company, including his sister Penelope, King and Kimye's daughter North.

he would be careful when he and King are hanging out with Kylie," reveals our exclusive insider, who says keeping their tot out of the spotlight was always part of the deal.

"Now she wants legal documents drawn up to protect her son from the disgusting Kardashians."

But Kylie – who's been spotted wearing what looks very much like a diamond engagement sparkler – is determined to be the bigger person.

She's so blissfully in love and devoted to her little family that – in the hope of ending the feud with her love rival – she's decided not react to Blac's attack.

"Tyga doesn't like it when Blac's upset and Kylie knows it," adds our insider.

"So she's beginning to realise getting on her good side could be a good thing." ■

"As far as Blac's concerned, Kylie's just a silly little foetus, but she really pushed Blac's buttons on Easter," says our insider.

DEALERS LL ALL!

While Britney Spears has had several stints in rehab, and Vanessa Hudgens insists she wasn't doing drugs at Coachella in 2011, Miley Cyrus is open about her love of weed

From addictions to overdoses, the stars' suppliers reveal who's doing what!

With more money than they know what to do with and dealers on speed dial, it's easy for celebrities to end up on the wrong side of the tracks.

From pot to pills, heroin, mind-altering drinks and mystery white powders, Hollywood is getting higher than ever thanks to an avalanche of illegal drugs – not to mention prescription meds that are potentially even more dangerous.

Lifting the lid on what's fast become an epidemic, US mag *The National Enquirer* tracked down the figures who deal dope to some of the world's most famous faces, allegedly including Miley Cyrus and Lindsay Lohan.

And they're in high demand. One well-placed pusher says his services are regularly requested at a range of A-list events, from ceremonies including

the Academy Awards, TV and film sets, to plush Hollywood mansions belonging to LA's well-heeled elite.

But sending party-goers to their limits means dealers also find themselves in crazy situations. One tells the tale of a night out he had with an unnamed crack-using actor who hit several hotel suites in Maui before embarking on a drug-fuelled orgy on a private beach!

In a strange coincidence, Zac Efron and Macaulay Culkin allegedly shared the same

dealer, who used to supply them with the prescription opiate pain-killer oxycodone.

While Macaulay ended up with a reported \$6000-a-month heroin and oxy habit, former cocaine addict Zac, 27, is said to have been resuscitated after overdosing on the pills during a wild bash at New York's Thompson Hotel two years ago.

Then there's Justin Bieber. Police say drugs believed to be ecstasy were found "in plain view" when they raided his LA home after *that* infamous egg-throwing incident last year.

Adding to the intrigue, it's claimed his then-girlfriend Selena Gomez was seen mixing the party drug MDMA – aka Molly – in a bottle of water at a 2013 bash.

For her part, Nicole Richie also went "wild on heroin" one night, another dealer tells *The Enquirer*, even suggesting the 33-year old ended up in a bar-room brawl where she put a man in hospital after slamming a glass into his face!

But life on a pedestal can be tough, and when your career is on the line, denial is the name of the game.

GUESS WHO?

One Oscar-nominated star's cocaine addiction is so bad, insiders are worried he'll die. "He could be an amazing actor, but he can't stop doing coke and drinking his way into nightly blackouts," a source tells *The National Enquirer*.

Even though she claims to be breastfeeding, one actress and her husband were ducking out of a recent major event every few minutes to smoke pot!

Two daughters of rock legends – one a big-name actress – were busted bent over a table doing coke at a party. The actress needs rehab – now!

The girlfriend of this actress changed her name a few years ago to get away from her drug dealing past. But she's still using and now the star is on all kinds of drugs and depends on her girlfriend to get them.

Reports say Lindsay Lohan was snapped doing heroin at a party in 2007

Brit was in no state to be behind the wheel

While her DJ boyfriend Zedd is anti drugs, there have been claims Selena Gomez took ecstasy in 2013

Still, Lindsay Lohan found it hard to fib her way out when footage emerged of her appearing to inject a substance thought to be heroin in 2007.

What's more, her alleged dealer David Joseph says the 28-year-old does coke – a lot! – despite her telling talk show host Piers Morgan that she'd only tried it "maybe four or five times".

"I saw her take a bump more than that when she tested out my deliveries," says David. "It

is another example of how much denial she is in."

Indeed, because of Hollywood's strict code of silence, many addictions, visits to rehab facilities and brushes with death end up flying under the radar – unless someone breaks rank, that is.

Aussie star Sophie Monk reveals she saved an

unnamed starlet who was at risk of dying after overdosing at a Hollywood party.

"I was like, 'She's had too much,' and she starts convulsing like crazy," recalls Sophie, 35.

"They stripped her naked. I ran a shower, put her in it – and then they all left. They thought they were going to get into trouble."

Tragically, their love of life in the fast lane has propelled many an A-lister

towards an early end – including Cory Monteith, Heath Ledger and Philip Seymour Hoffman.

And the casualties continue to roll in.

Earlier this year, Whitney Houston's daughter Bobbi Kristina Brown, 22, fell into a coma after reportedly overdosing on heroin, oxycodone and Xanax.

"Celebrities hooked on drugs don't make the best choices," adds one dealer. "They're risking their lives." ■

DRANKIN' AND DRUGGIN'

It's long been a thing for rappers like Lil Wayne and Drake, but a growing number of the A-list are now chugging Sizzurp by the styrofoam cupful! The concoction – which combines prescription-strength cough syrup with Mountain Dew or Sprite for a nicer taste – also goes by the name of Purple Drank, Lean and Syrup, and the likes of Rob Kardashian and Justin Bieber are said to have tried it out.

FRIENDS IN HIGH PLACES

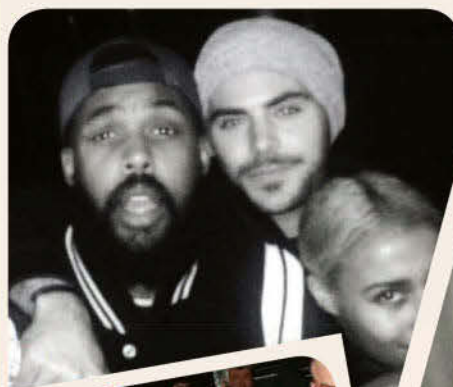

Drug dealer to the stars Leon “Starino” Anderson couldn’t be more proud of his contact list, boasting, “I have to be able to [get drugs]. I have the biggest clients in the world.”

Leon – also believed to be a pimp, who narrowly avoided jail time two years ago after setting up a deal for \$450 worth of coke and MDMA – claims to be pals with Miley Cyrus, Rihanna, Chris Brown, Liam Payne and Zayn Malik, among others.

He’s partied with Zac Efron and Harry Styles, not to mention Cara Delevingne, 22 – who was snapped dropping a small baggie of white powder in 2013 – and open weed-lover Rihanna, but describes Justin Bieber, 21, as “hard work.”

“He likes to party and he likes his girls,” spills Leon. “In the end it got too much. He wanted me to go everywhere with him and carry Class A drugs for him.”

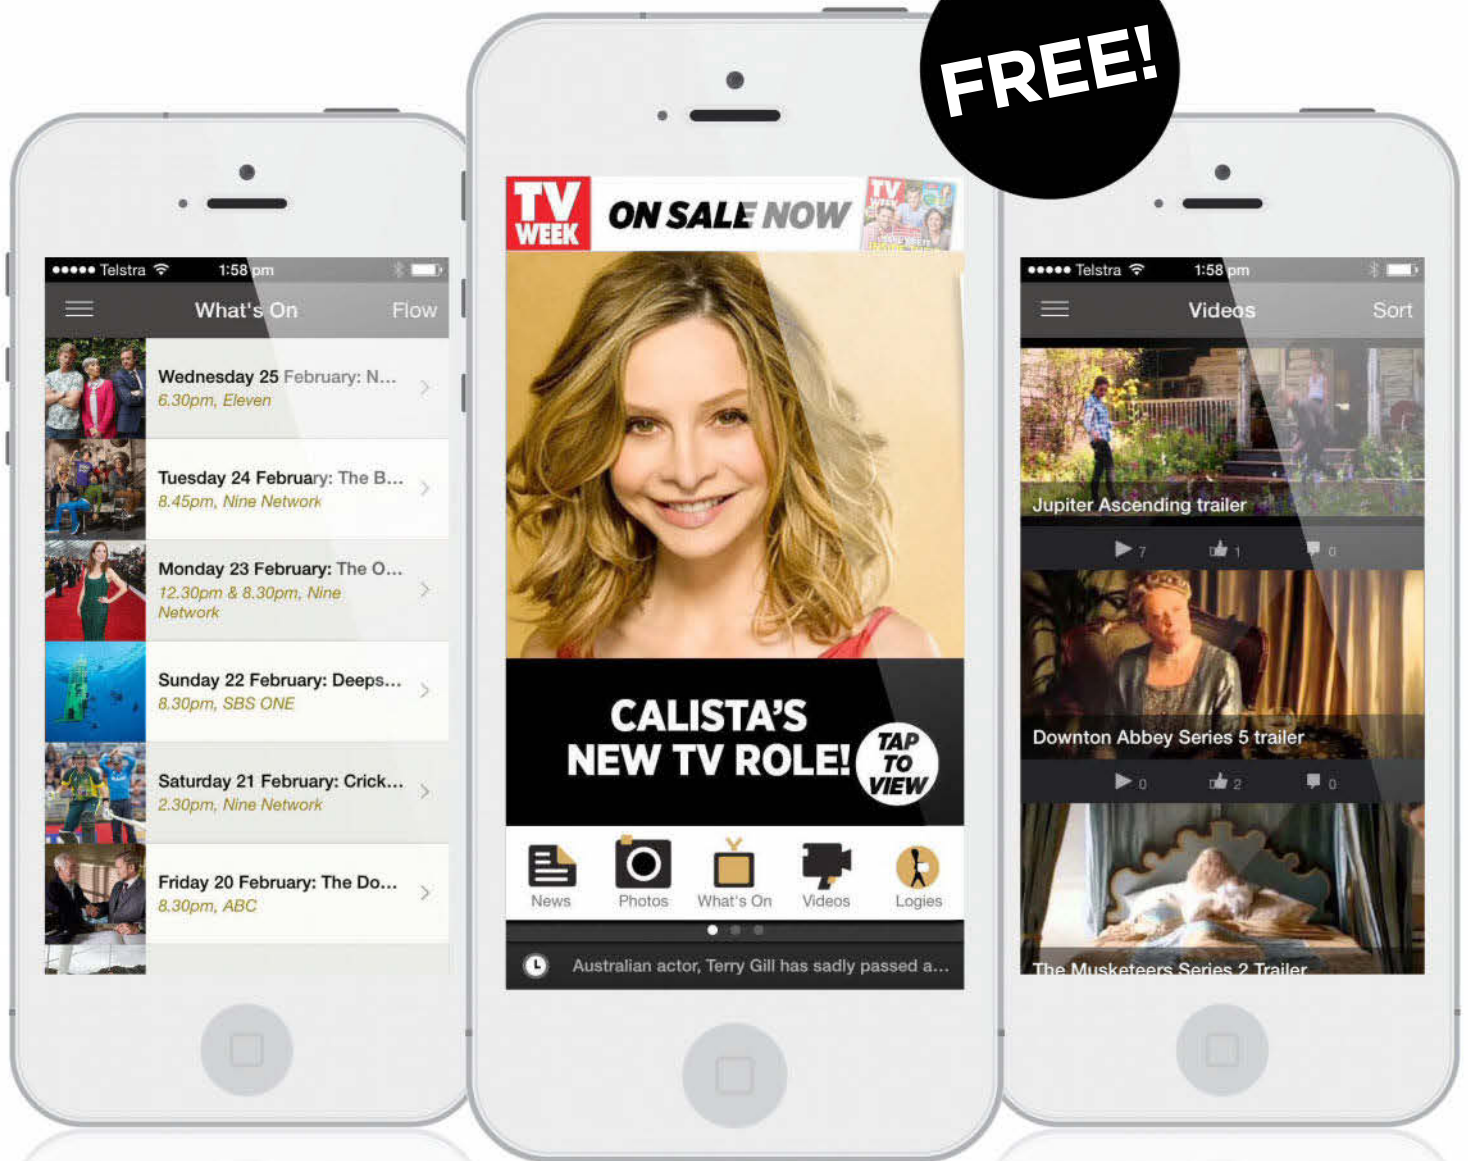

Deal or no dealer – Leon claims the world’s biggest stars are clients

Patrick's bad-boy behaviour lands him in the dog house!

Flirty Patrick Schwarzenegger was already skating on thin ice after getting cosy with two bikini-clad hotties – including his ex Taylor Burns – in Mexico last month, but now he's in even deeper trouble!

Yep, when snaps emerged of him spending time with 17-year-old actress Bella Thorne last week, his long-suffering girlfriend Miley Cyrus went nuclear.

And while Bella immediately went into damage control over her LA dinner date with Pat,

assuring Instagram followers that they're "just friends", Miley's having none of it.

"She's at the end of her rope. When these pictures of Patrick and Bella hit the internet, she almost threw her iPad out the window!" reveals our insider.

"Now she's laid down the law and told him if he humiliates her again, she'll dump him and get revenge in a song!"

In fact, the pop star's become so distrustful, she's told 21-year-old Pat that the only way she'll stay with him is if he

consents to being under her constant surveillance.

Just days before the Bella saga, Miley, 21, was seen scouring Pat's phone as they headed out for lunch in LA – and we're told she's even demanded the passwords to his social media accounts.

"He's promised to be faithful, but Miley's lost faith in him," explains our insider. "She's jealous and so obsessed with catching him cheating that's it's taken over her life." ■

Miley's more parole officer than partner these days! To get back in her good books, Patrick must...

- ☐ Inform Miley of his whereabouts AT ALL TIMES
- ☐ Say no to any more boozy benders with his mates
- ☐ Let her check all his social media accounts every day
- ☐ Allow Miley to rummage through his computer files WHENEVER SHE ASKS
- ☐ Let her read his texts
- ☐ Make all incoming calls visible to Miley
- ☐ Always answer when she rings
- ☐ Reply to her texts immediately

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

1 WHAT HAPPENED TO JORDANA?

Onlookers and co-stars alike were alarmed at how thin the normally curvy Jordana Brewster looked at the *Fast & Furious 7* premiere in LA.

"You could see every bone in her spine and her shoulderblades were clearly visible," notes a concerned guest. "She looked really gaunt and bony."

While the 34-year-old puts her weight loss down to drinking "a ton of water and eating lots of vegetables", as well as a gruelling workout regimen of weight-lifting and circuit training, here's hoping she's not taking it too far...

2

IS J.LO REALLY JUST JENNY FROM THE BLOCK?

Forget the entourage and first-class flights, Jennifer Lopez and Casper Smart opted for a more low-key way to travel as they headed to Mexico for a holiday with J.Lo's twins Max and Emme.

The couple – who have rekindled their romance, as we revealed last week – drove to the Mexican border in a ute, with Casper stopping to fill up at a service station, just like us normos! J.Lo even rocked a cardie and thongs, while Emme opted for a comfy pair of uggies!

Looks like the 45-year-old really is as humble as she claims she to be, despite being labelled a diva for her reportedly excessive backstage demands.

Good to see you keeping it real, guys!

3

ARE ORLANDO AND ROSIE GETTING TOO FLIRTY?

What happened to the bro code, Orlando Bloom? We're told the British actor was spotted getting close to his pal Jason Statham's fiancée Rosie-Huntington-Whiteley at The Nice Guy lounge in LA – but Jason, 47, was nowhere to be seen!

And if that wasn't bad enough, Orlando, 38, and Rosie, 27, then raised suspicions by driving to the nearby Blind Dragon karaoke bar in separate cars.

"They were being super flirty and touchy-feely.

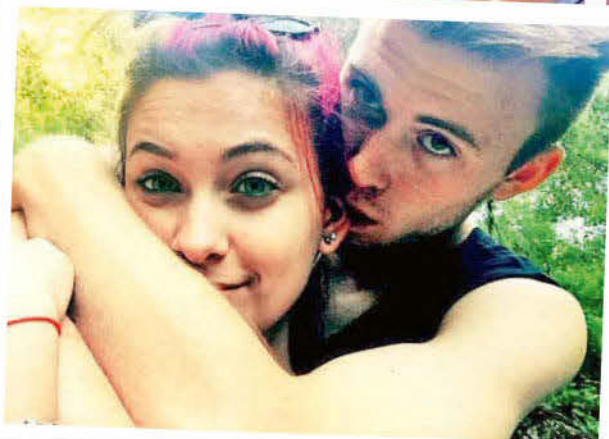

It was obvious there was a lot of chemistry there," spills an insider. "Jason learnt that Rosie and Orlando partied together from a concerned friend. He's not happy and will probably have words with Orlando."

4 HOW CUTE ARE PARIS AND CHESTER?

Michael Jackson's 17-year-old daughter Paris has confirmed via some intimate selfies that she's dating soccer player Chester Castellaw, 18. Cute!

"Paris is completely head-over-heels for him and she has been gushing about him constantly," says an insider. "Her family seems to like him and they are happy that he comes from a privileged background in Beverly Hills, because they are very protective over the children's inheritance and want to make sure that he is with her for the right reasons."

5

DO JESSICA AND ERIC NEED TO GET A ROOM?

And the prize for the friskiest Instagram snaps of the year goes to... Jessica Simpson and hubby Eric Johnson!

Not only did they raise eyebrows on Valentine's Day with their *50 Shades*-inspired photoshoot, but they've now released snaps of themselves in a steamy pash – with Eric squeezing Jess's butt!

"Easter feasting," Jess, 34, captioned the TMI photo.

We get it, you're in love... Have fun, guys!

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

6 IS KRISTEN A SECRET MEAN GIRL?

She's always good for a laugh, but insiders say Kristen Wiig is actually a bit mean!

The *Bridesmaids* writer, 41, has refused to let Jennifer Lawrence, 24, and Emma Stone, 26, co-star in her upcoming, all-girl reboot of film classic *Ghostbusters*.

"Kristen's hijacked creative control and vetoed plans to cast them because she doesn't think they have the improvisation skills," our insider reveals.

"Emma and Jen are upset by the snub and now Jen's blacklisted Kristen from working with her in future."

7 IS LILO THE WORST PHOTOSHOPPER, LIKE, EVER?

Once again, Lindsay Lohan has found herself getting a little, er, creative with the slimming apps!

The 28-year-old couldn't wait to show Instagram fans a photo of herself wearing her new waist trainer.

But it didn't take long for eagle-eyed punters to spot the distorted stairs in the

background – a telltale sign of digitally altered snaps.

"The photoshopping is hilarious – look at the bottom of the stairs!" says one, while another jokes, "Photoshop is hard."

This isn't the first time Linds has been pulled up for clicking away the kilos, and even fans say it won't be her last!

We can't tell where LiLo's thighs end and the wall starts!

8 HAS GEORGE DITCHED BRAD FOR JUSTIN?

He may be Brad Pitt's BFF, but that won't stop George Clooney from standing by Justin Theroux's side as his best man during Justin's upcoming wedding to Brad's ex Jennifer Aniston!

"They've formed a close bond over the last year and George was thrilled to be asked," says our insider. "He's already writing his speech."

Who needs a waist trainer when you've got apps?

9 ARE ELLIE & DOUGIE ENGAGED?

Ellie Goulding's been waving her ring finger in the face of split rumours.

The 28-year-old has sparked talk she and McBusted hottie Dougie Poynter are engaged by stepping out with serious bling on her I-do digit!

But we're not getting too excited, because Dougie's deflated our hopes about similar jewellery before.

"No. It was just a ring that fit on that finger," Dougie, 27, says.

Sam's a shadow of his former self

WHERE THE HECK DID SAM GO?

Whatever Sam Smith is doing to get into shape, he's going hard! The Brit pop sensation stepped out in France looking trimmer than ever, and says his new physique is thanks to nutritional therapist Amelia Freer's best-selling book *Eat. Nourish. Glow.*

The singer says he's shed 19kg in mere months.

"It's not even about weight loss," reveals the 22-year-old, who once claimed he loved eating more than singing. "It's about feeling happy in yourself."

Amen, brother!

"Tom has missed a good chunk of Suri's life," a source tells US mag

Suri 540 days

WITHOUT HER DAD!

Is Scientology keeping Tom away from his daughter?

Bonding time seems to have become a mission impossible for Tom Cruise's eight-year-old daughter Suri, who insiders say has hardly seen her dad in person for almost two years!

What's more, a big factor in the distance appears to be because Suri – Tom's only child with his actress ex-wife Katie Holmes – is no longer a member of her father's religion, the Church Of Scientology.

Now, US magazine *InTouch* claim Katie, 36, is livid that despite his \$450 million fortune and access to a private jet which could take him anywhere, Tom

hasn't spent any significant time with their daughter since he took her mini-golfing in New York on September 15, 2013.

"The long-distance father-daughter relationship has reached a critical point," an insider tells the mag. "Katie wanted him to be an involved, hands-on dad... She's fed up with Tom – and tired of seeing Suri sad because she never sees her daddy."

Despite his hectic work schedule, Tom, 52, still finds the time to holiday in exotic locations like the Cayman Islands, live large in London with A-list pals, and spend time with his and ex-wife Nicole Kidman's son Connor Cruise, 20, who is still involved with Scientology.

But when Katie, 36, filed for divorce in 2012, she shunned Tom's beliefs, which may have seen her labelled a "suppressive person" – a term used by the church to describe someone who stands in the way of spiritual progress, though there have been reports that this isn't the case.

"All Scientologists have to completely disconnect from an SP," explains Tony Ortega, an expert on the religion, who believes this could explain Tom's absence.

Now, with Katie and Suri having moved back to LA, all anyone knows is if Tom has been spending time with her, it's been out of the public eye. ■

Suri & Shiloh new BFFs!

She may be feeling down in the dumps right now, but we're sure Suri's new pal Shiloh Jolie-Pitt is just the gal to cheer her up!

Yep, we hear Brad Pitt and Angelina Jolie's eight-year-old daughter and Suri became instant besties when hanging out at last month's Nickelodeon Kids' Choice Awards in LA.

"Suri was shy at first, but Shiloh was really outgoing – during a commercial she started talking to Suri, it was adorable," reveals a witness, adding that their mums also ended up hitting it off. "They seemed really happy that their kids were getting along. They talked about setting up a get-together for the girls and exchanged numbers."

SCIENTOLOGY'S SECRET CITY *revealed!*

It's the city Scientology built! Suri's next visit to her father could see her staying at a compound in Clearwater, Florida, where top members like Tom own luxury homes. The religion owns 67

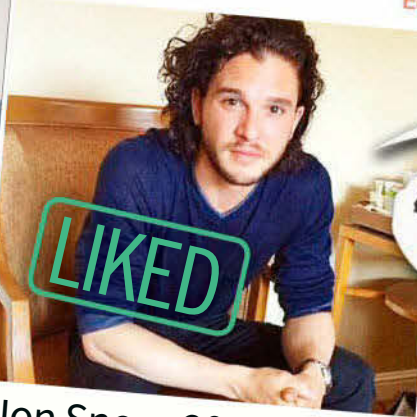

buildings, including motels, training centres, offices for "Special Affairs" and religious retreats, worth more than half a billion dollars, in an area of about 26 square kilometres dubbed Scientologyville. Yikes!

Kanye was always encouraged to do well at school

His mum gave him \$1000 one birthday, so Kanye bought the keyboard that started his career

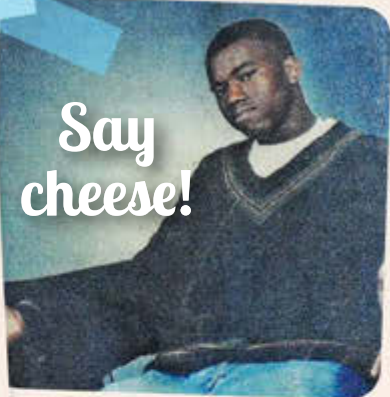

EXCLUSIVE ONLY IN NW!

These never-before-seen photos of Kanye's youth show him as a sullen-faced young man, focused on music, education and family. We instantly recognise him thanks to his long-time aversion to smiling...

Kanye adored his late mum Donda

Say cheese!

Yeezy's stepmother lifts the lid on his surprising childhood

Despite his tough, streetwise exterior, Kanye West started out as a soft-spoken, intellectually gifted young man who enjoyed a comfortable upbringing.

Yup, while his future rap buddies Jay Z and Snoop Dogg grew up with drugs and guns, little Kanye was raised in a middle-class Chicago neighbourhood and even spent time living in China – where Yeezy's mum Donda taught at uni while he learnt Mandarin and practised Tai Chi!

Even from a young age, he was an unusually bright and curious child.

"Kanye asked a lot of questions," his stepmother Brenda Bentley says of the notoriously outspoken rapper. "Not the kind of questions most nine-year-olds would be asking. He said what was on his mind."

Clearly some things never change!

Brenda, 59, reckons Kanye's zest for learning came from his late mum, who was an English professor at Chicago State University.

She also worked hard to get him into a posh private school, and was particularly upset when young Kanye snuck an X-rated magazine into class and was caught by the teacher – who then confronted his humiliated mother with it.

Oh, Yeezy!

Brenda also reveals the money-minded muso – who today has a net worth of around \$130 million – has always had a head for business, recalling the time he charged other kids to watch him breakdance so

he could buy himself shish kebabs!

The muso's legendary scowl also dates back to the time when he was a nipper.

At the tender age of one, Kanye, now 37, gave Donda a hard time after she left him in childcare for an entire day.

"He turned his head and [sulked]," she wrote in her 2007 book *Raising Kanye*. "I became a little frustrated and said 'Well just forget you then!' Instantly he unfolded those little arms and burst into laughter. I was stunned that a baby... could hold his own like that."

Sounds a lot like the moody Kanye we know today! ■

Who's out!

We get the inside word on which Housewives won't be coming back

You might think the ladies of *The Real Housewives Of Beverly Hills* have had enough drama to last a lifetime.

But apparently not! We're bracing ourselves for those perfectly manicured claws coming out again as news starts to leak regarding who will – and who won't! – be returning for Season Six!

"At least three Housewives are done," an insider reveals, perhaps confirming whispers that siblings Kim and Kyle Richards, and former *Melrose Place* star Lisa Rinna are set to get the boot.

"They thought Lisa would be the easygoing, level-headed one, but she's been a lot of trouble," the insider continues, adding that Kim and Kyle's incessant feuding has become boring and repetitive.

But who could possibly fill their high-heeled shoes?

"They're planning to bring back Camille Grammer," the source says. "And they're considering having Adrienne Maloof return, too!"

Rumour has it that ousted Lisa's buddy Denise Richards may even snag a spot on the show!

We see another catfight on the horizon! ■

The sizzling host spills on what's in store for the new season of *ANTM*

Just like us, Jennifer Hawkins can't wait for cycle nine of *Australia's Next Top Model* to hit our screens.

"We shot it in December and people have been asking me about it. I'm like, 'I can't say anything!'" the show's host tells *NW*. "But now I can. It's so exciting."

And as always, it's going to be tough to pick a winner out of all the gorgeous wannabes.

"Your favourite will change each week,"

Jen says. "The girls are on a rollercoaster ride. One week they're like, 'I'm the best!' and the next week they're

on the bottom. They put too much pressure on themselves. They're bawling, fainting, having anxiety attacks – it's full-on."

The show has also seen some major changes this season, with producers deciding not to replace judge Charlotte Dawson following her tragic passing last year.

"She'll be so missed," Jen, 31, laments. "And the show is going to be quite different."

Instead, Jen and fellow judge Alex Perry will be dishing out their very honest feedback alongside a different guest judge each week.

"It was really new and fresh for us, and it gave the girls another

point of view," says the former Miss Universe. "The first week is Alessandra Ambrosio. I loved having her on the show. She's very easygoing, but has a strong point of view. Kelly Osbourne in episode two was completely

different. We teamed up against Alex! She's a natural on the panel."

Another shake-up sees the girls get a no-nonsense intro to the cutthroat world of modelling, with eliminations based on

a new points system.

"Everyone's perception of feedback is different, but a score is a score," says Jen. "I don't go hard on the girls, but it's not all lovey-dovey. It's tough love. I've got my opinion and I stick to it."

"I didn't think getting married would change things, but it did, in a good way," Jen reveals. "It's just really calm and really nice."

But will we see the arrival of some genetically blessed Mini-Mes any time soon?

"No! Not at the moment. We're just having a good time," she says. "I'm too obsessed with my pets. Every time I want to post a photo of them on Instagram, I have to stop myself and go 'Nup. I'm too annoying'. I'm a stalker!"

"I go bare-faced most of the time," 34-year-old Jackie Gillies tells *NW*. "I'm a beachy girl! I don't like wearing make-up. But for the show I have to, so I don't look washed-out on camera."

When it comes to getting older, the youngest *Real Housewives Of Melbourne* cast member is OK with it – for now!

"At the moment, I'm embracing my wrinkles but who knows, in the next 10 years... I won't write off Botox in the future. It works wonders for those fine lines."

And as for castmates who have owned up to going under the knife – Gamble and Janet, we're looking at you! – Jackie isn't fazed.

"If it makes you happy, then who am I to judge?"

Pettifleur won't

Chyka
chic!

Chyka 'With Botox, less is more'

Why does
45-year-old Chyka
Keebaugh look so damn good?
"I'm obsessed with skin care.
I moisturise like there's no tomorrow!"
she says, admitting she's also had some
help in the wrinkle department.
"I've had Botox and have no issue
with the help it gives me. But I don't
believe in having too much - your
face needs to show expression.
You can see that with the
faces I pull on the
show!"

Pettifleur 'I'm blessed with good genes!'

Unlike castmate
Gamble, you won't catch
Pettifleur Berenger, 50, going
under the knife! "I have not had
any fillers, Botox, collagen or eye lifts.
I'm all natural!" the property developer
insists. "In Gamble's case, having
surgery young may indicate she had
some insecurities. There's a fine line
between looking amazing and
looking like a clown, and every
time you go under the knife
you take a 'Gamble'."
Ouch!

**Face
facts**

Unlike many stars, Lydia is nothing but honest when it comes to cosmetic procedures.

Lydia

'I'd get a facelift in the future!'

Wearing make-up for *RHOM* has given Lydia Schiavello a new appreciation for the magic it works.

"I love make-up so much. I never did before but I'm a huge fan now," the 46-year-old mum-of-three says. "But the make-up that is worn on the show is heavy because television can change your skin tones and features. It's not always to make us look better! I never wear that much make-up on a daily basis."

Although she looks amazing thanks to her skincare regimen, the self-proclaimed Botox fan is open to other means to keep her looking fresh down the track.

"I would have a facelift to enhance my appearance if I needed to!" Lydia admits.

BRANDI snaps!

"I wish I could tell you I was great, but I'm exhausted! My boyfriend JR is a snorer and he's started doing this thing where he jerks around in his sleep – and not the good kind of jerking! He ends up hitting me, so I've had to build a pillow fortress in the middle of the bed for protection. I'm going to have to start swaddling him like a baby! He needs help or we're going to be sleeping in single beds! I also saw Yolanda from *Real Housewives* again. This Lyme disease has got her immobile, so she's laid up at home."

'Boys are animals, Miley!'

"I feel for Miley Cyrus and Patrick Schwarzenegger, but they're just babies. People should wait longer to be engaged. I don't blame her for taking him back, but guys have a harder time with fidelity. Boys' penises are their lives!"

Brandi's VERDICT

"RuPaul has a new show and I'm hosting on it!"

"Upping security after being burgled is expensive."

'Run for your life, Kylie!'

"I saw those pictures of Kylie Jenner in a bathing suit with Scott Disick and her sister Kendall. Boy, those girls are close! I don't think Scott's slimy like that, but I'd still tell her, 'Run for your life!' One thing's for sure – Kylie looks amazing these days, like a Barbie doll! The hair, gym, make-up – when does she even have time to rest?"

'R-Patz is no spring chicken'

"He's nearly 30 so it's about time Robert Pattinson settled down! He and FKA twigs have been going out for ages and seem really in love. It's great to see he didn't choose a chick who's like the standard 'perfect' – fka is really unique looking."

BLOCK

WHO
WILL
WIN?

Hot or NOT

Who's nailing it and who's failing it?

HOT

Lily Collins

A pixie cut and crop top? This It-girl is all over the It-trends. And thanks to that chic gold detailing, she even manages to make boring old black look like 50 shades of fun!

NOT

Christina Milian

Girl meets boy, girl raids boy's closet. Clearly that's the case for Christina now that she's dating Lil Wayne. Leave the bare-torso look to your fella, Chris!

NOT

Kylie Minogue

Part Spanx, part bed sheet, this bizarre hybrid is neither flattering nor forgiving. Time for Kylie to put it into retirement - just like her hotpants. RIP!

HOT

Jamie Chung

Red lips, red frock, red hot! Repeating this bold hue helps to vamp up an otherwise simple outfit. And that peekaboo lace is s-s-s-sexy!

HOT

Freida Pinto

It's official - purple reigns, making Freida the queen of elegance! She rocks this regal shade better than K-Middy does fascinators. Well, almost.

HOT

Hilary Duff

While the jury's still out on her nanna hair, Hils's outfit is on-point. The white crop, pencil skirt and strappy heels are items we'd love to "add to cart".

HOT

Shanina Shaik

Not only has the Aussie stunner jumped right onto the jumpsuit bandwagon, she's driving the damn thing! We likey.

HOT

Michelle Rodriguez

Who knew Michelle could make this floor-length frock look so girly-glam? Not bad for a self-proc tomboy!

HOT

Kristen Stewart

Swapping "Shake what yo' mamma gave you" for "Wear what your nanna made you", K-Stew still manages to look smokin' in this green crochet blouse.

Hot or NOT

HOT

Chrissy Teigen

By repeating the same three colours, Chrissy stays chic and simple, while the torn jeans keep the outfit youthful and fun.

HOT

Elsa Pataky

What's better than an LBD? An LBD with sparkle! Elsa's subtle sequins and all-black simplicity put the focus on her

NOT

Rita Ora

We get it, Rita - it's raining outside, but that's no excuse for this enormous gridiron-themed raincoat and boxing-boot heels.

HOT

Nicole Scherzinger

Nic's turned a classic office look into red-carpet gold thanks to her blouse-cum-crop – it's white hot!

NOT

Maria Menounos

This is *not* Sparta, Maria. If you had a spear, your leather tunic might make sense, but you don't...

HOT

Lily-Rose Depp

It's that same cooler-than-thou expression, but at least 15-year-old Lily doesn't dress like her scruffy boho dad! The cute fabric and three-piece style are fresh and youthful.

Who wore it best?

There are fringe benefits to looking this fashionable

Julianne Moore

The shiny fringing adds a modern touch to Julianne's plunging Grecian gown, while her russet waves recreate old-Hollywood glam perfectly.

READY, STEADY, SELFIE!

How Miranda stays fit, healthy and photogenic

There's no doubt about it – mega-model Miranda Kerr has one of the best bodies in the business. And while her fab genes can take some credit, the Aussie babe optimises what her mamma

gave her by centering herself, working out daily and chowing down on superfoods.

“I take time to meditate and exercise every day,” says the 31-year-old. “From very early on I had an interest in health and wellbeing.”

PHOTOGENIC FITNESS

Not even a daggy T-shirt can make a body like Miranda's look bad! Check out the variety of workouts she does to ensure she's always at her model-worthy best.

1 Miranda raves about yoga! Her favourite poses include the shoulder stand, wheel, half twist, warrior one and tree pose.

2 She also enjoys dancing – both freestyle and in ballet-based workouts!

3 The Gunnedah girl keeps her muscles toned with plenty of resistance training using weights and resistance bands, and by doing Pilates.

4 Miranda includes her four-year-old son Flynn in her workouts by doing fun tandem exercises like hiking, cycling and kayaking.

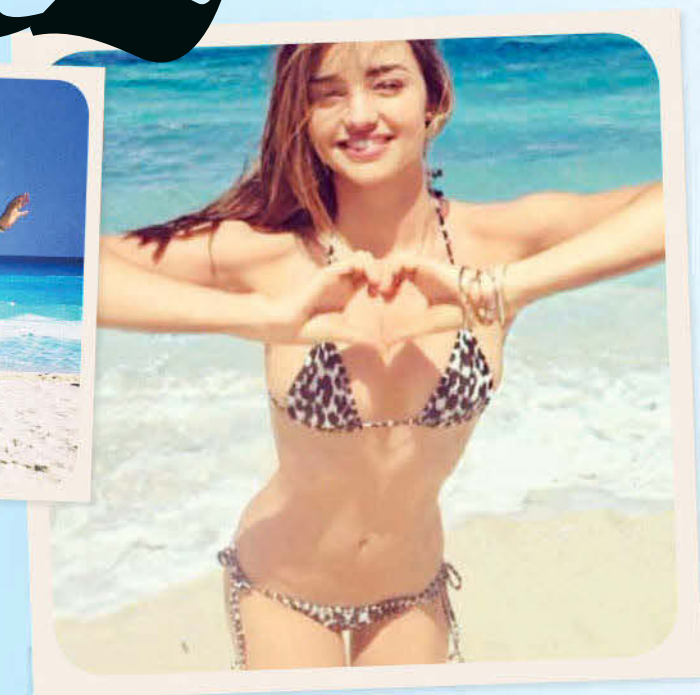

5 Our girl sure loves to bounce! “[Trampolining] is a really good way to stimulate the lymphatic system and it lifts your mood,” she says. Plus, one hour of trampolining class can burn 4100 kilojoules! Find a trampolining studio at skyzone.com.au.

tz

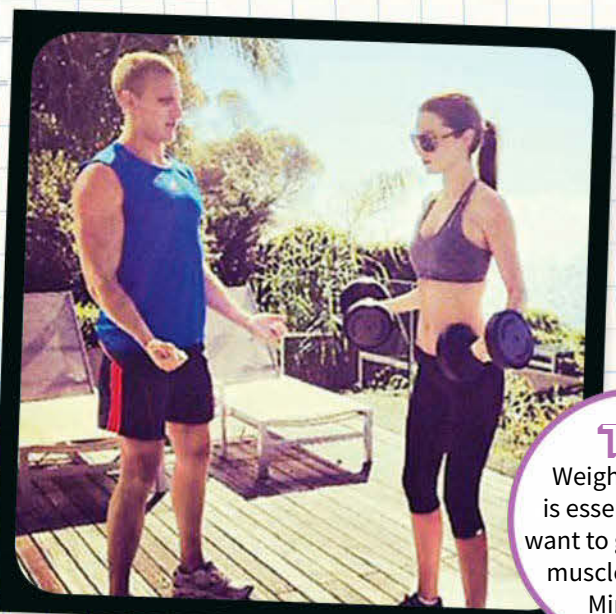

Her morning essential

The international supermodel kicks off every day with this power-packed smoothie! "When I'm travelling, I make little baggies at home for each day and ask the hotel to blend it with coconut water," Miranda says. "If they can't, I sometimes shake it up with water." The finished drink looks like mud, but if it gives us her glow, we don't care!

In fact, the eligible bachelorette – who is currently a proud ambassador for Reebok and Kids Helpline Australia – is so passionate that she recently became a certified health coach after completing a course at New York's Institute For Integrative Nutrition.

We may not have her mile-long legs, but with a few of Miranda's fitness and wellness tricks, we can all aim to get her fabulous healthy glow!

TIP

Weight training is essential if you want to get amazing muscle tone like Miranda!

Emma Watson

April 15, 1990

Being careful about which jobs she takes has no doubt brought her much success, but Emma needs to grab unexpected opportunities with both hands this week, despite what others say.

HAPPY BIRTHDAY

YOUR Stars

The week ahead with **Adele Lang**

Aries MAR 21 – APRIL 20

Lunar activity in Aries suggests out-of-the-blue offers need to be snapped up quickly. Although you are, by nature, a fast mover, people in your midst might advise caution. This week, however, feel free to act as impetuously as you like. Your future health and happiness depends on it.

Taurus APRIL 21 – MAY 21

Money planet Mercury should come to your rescue this week. Well-paid Taureans might not need celestial intervention, but most other Bulls could do with some help. A windfall, a work bonus or an interest-free loan could make a big difference to your quality of life at present.

Gemini MAY 22 – JUNE 21

Now that Jupiter's stopped back-peddalling, you shouldn't have too much to worry about on the love front. Indeed, romantic feelings will be at their peak over the next seven days. Don't neglect your day job, though. You can't live on lingering, lustful looks across restaurant tables alone.

Cancer JUNE 22 – JULY 23

Certain pals could prove rather problematic (to say the least!) this week. While you are renowned for your loyalty to friends, don't expect it to be reciprocated. At the same time, don't be too harsh on any third party who is forced to play piggy-in-the-middle.

Leo JULY 24 – AUG 23

Pluto's patterns could mean fragile family bonds break completely in the coming days. You need to act like a mature, responsible adult if you don't wish to see bloodlines implode. Non-judgemental friends can help greatly – provided, of course, you're willing to tell them what's going on.

Virgo AUG 24 – SEPT 23

Venus squares with Neptune this week, meaning financial disputes are a distinct possibility. Even superlatively well-heeled types might have something to say about a partner's so-called stinginess! Nevertheless, remind yourself that some withholding of money is actually being done for your own good.

Libra SEPT 24 – OCT 23

The Moon's overbearing presence could turn you into a temporary control freak. As much as certain people need to be kept in line, it's not your natural place. Avoid potential fallout by lying low and saying very little. Throwing your weight about will only make problems worse.

Scorpio OCT 24 – NOV 22

Don't be tempted to avoid loved ones who want to talk in the days ahead. Scorps are naturally good listeners and sometimes your nearest and dearest just need to be heard. They don't want solutions, nor do they desire lectures. They're simply happy to have your ear.

Sagittarius NOV 23 – DEC 21

This stargazer wants all Archers to spend more time outdoors. Physical and emotional ailments could be due to a distinct lack of fresh air and exercise. The sooner you start connecting with the natural world around you, the sooner you'll feel on form again.

Capricorn DEC 22 – JAN 20

Mercury might be hell-bent on bringing out your lighter side, but that doesn't mean either you should dismiss people who arrive on your doorstep with serious intent. Romantic propositions and/or job promotions are possible this week. Don't blow a potentially good thing by laughing out loud.

Aquarius JAN 21 – FEB 19

This week's all about keeping up appearances during a difficult time at work. All of you waterbearers need to maintain a stiff upper lip if you want to stay on top. Luckily, stellar alignments indicate colleagues and employers will be impressed by your stoicism – not to mention your acting skills.

Pisces FEB 20 – MAR 20

The Moon's benevolent influence should ensure you are feeling generosity of spirit towards others. A surprising thing, too, considering how badly you've been treated of late. The fact you can show forgiveness to a colleague or a blood tie reflects well on your ongoing mission to date.

The BIG N tw of

COMINGS

HOT PURSUIT

June 11

★★★★★★★★★★★★

There's nothing we love more than two funny females teaming up for a cop movie (*The Heat*, anyone?), so we're pretty excited about this comedy starring **Reese Witherspoon** and **Sofia Vergara**! Reese plays an officer who has to protect a drug dealer's widow (Sofia) from the bad guys – with plenty of LOLs along the way.

JURASSIC WORLD

June 11

★★★★★★★★★★★★

There's a new attraction at the Jurassic World theme park – and we're not just talking about **Chris Pratt**! When the park's scientists create a new breed of dinosaur, it turns out to be a vicious killing machine, leaving ranger Owen Grady (Chris) to save everyone from its deadly rampage. What a hero!

ENTOURAGE

June 4

★★★★★★★★★★★★

It's been four years since *Entourage* wrapped – but Vincent Chase (**Adrian Grenier**) and his mates have some unfinished business! Picking up six months after the series ended, we'll see Vince working on his directorial debut and Ari (**Jeremy Piven**) struggling to finance it. Enter Texan tycoon Larsen McCredle (**Billy Bob Thornton**) – but will his pockets be deep enough?

SOON

From buff main men to LOL-tastic leading ladies, here are the upcoming flicks you just can't miss...

MAGIC MIKE XXL

July 9

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Another movie about a bunch of hot male strippers – led by **Channing Tatum** – is always OK by us! This time, the boys head off on a road trip to a stripper convention. We didn't even know that was a thing... but we're more than happy to perv on it!

MAX MAX: FURY ROAD

May 14

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

What happens when you put **Tom Hardy** and a one-armed **Charlize Theron** in a post-apocalyptic desert? We're about to find out! Three decades after the last *Mad Max* film, Tom takes over the iconic role, joining Charlize's Furiosa as they attempt to cross a dangerous wasteland. And there are some nasty people in their way – not to mention cameos by **Megan Gale**, **Riley Keough**, **Zoe Kravitz** and **Rosie Huntington-Whiteley**!

TED 2

June 25

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

The most foul-mouthed teddy bear in history is back – and this time he wants to make a baby! Yep, Ted (voiced by **Seth MacFarlane**) is now married to his girlfriend Tami-Lynn (**Jessica Barth**) and the pair are trying for a family – and that's where he needs a kind, um, donation from his human pal John (**Mark Wahlberg**)!

TRAINWRECK

July 30

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Comedian-on-the-rise **Amy Schumer** stars as Amy, a self-sabotaging 30-something commitment-phobe who meets an amazing guy (**Bill Hader**) and naturally proceeds to do everything she can to screw it up. But it turns out he's not so easy to shake...

PITCH PERFECT 2

May 7

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Prepare to be pitch-slapped! This time, the Barden Bellas are off to the World Championships Of A Capella – which no US team has ever won. Can Beca (**Anna Kendrick**), Fat Amy (**Rebel Wilson**) and newbie Emily (**Hailee Steinfeld**) sing the team to victory?

ALOHA

June 18

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

The latest from *Almost Famous* director **Cameron Crowe** sees a defence contractor named Brian (**Bradley Cooper**) fall for US Air Force pilot Allison (**Emma Stone**) while on assignment in Hawaii. The big complication? Brian's ex Tracy (**Rachel McAdams**) and the unresolved feelings between them.

The **BIG** *two* **on**

DOUBLE

It's time for the new *Avengers* flick – and there are two very good reasons to see it!

'We get in trouble for laughing on set!'

Your chemistry with Scarlett Johansson was great in *Captain America: The Winter Soldier*. Do we see more of that here?

This movie begins with that connection between the two of us, but she has her own arc.

Cap doesn't have much luck with the ladies...

No, he's a man out of his own time, and because of that he struggles socially.

Is it fun on set with everyone?

We get told

off for kidding around. We all know each other so well now and enjoy each other's company so much that when we're together it's kind of like being at school, with Joss [Whedon, director] as our teacher telling us to stop giggling – or else!

This is your third Marvel movie. Does it get easier to buff up?

It's hard work, especially as I want to let it all go when I'm not doing these movies! It was easier, but it was a good couple of months lifting weights, gymnastics, fight training and all that stuff. Lucky my metabolism moves quick, so I can pretty much eat what I like!

EVANS

Aim to please

Jeremy Renner as Hawkeye, plus Chris as Cap? Sign us up!

THE CHRIS!

When it comes to hot, you can never have too much Chris. So *Avengers: Age Of Ultron* is on our must-see list, since it boasts both Chris Hemsworth as Thor and Chris Evans

as Captain America. The guys fill *NW* in on all the secrets from the set – including how they got those superhero bods!

Avengers: Age Of Ultron in cinemas April 23

'I-Law should play Thor next!'

Was it weird not sparring with Tom Hiddleston, who plays Thor's brother Loki, this time around?

A little. But it's also great. I love working with Tom but it's also great to see what the different characters will bring out in Thor now. You know, you don't want to exhaust one relationship and there's always room to do more Thor and Loki stuff.

What's the feel of this film?

It deals with artificial intelligence, it's all very relevant, potential things that are happening or are going to happen. That's what I love about it. It makes it all more interesting and threatening.

How did new cast members Aaron Taylor Johnson and Elizabeth Olsen settle in?

They're too emotionally and physically scarred to talk about it! Nah, they're great. It's the same as having a different director, or a different cast – or a different villain. It's nice to change it up.

How did you get in shape to play Thor again?

There's three parts to the equation. There's the working out, there's the food and the sleep. And the sleep has been minimised a little bit now because of my three kids.

In the comics, Thor is now a woman. Who do you reckon should fill your shoes if they decided to follow that path in the films?

Jennifer Lawrence. I'll aim high!

Avengers assemble

Mark Ruffalo and Robert Downey Jr are back as Hulk and Iron Man.

HEMSWORTH

Yep, we see you!

STAR SPY

'If you're a supermodel, where's your cape?'

ICE, ICE BABY

It seems leggy Brazilian supermodels like **Alessandra Ambrosio** do eat ice-cream! She's out and about in LA, enjoying a frozen treat with her superhero son **Noah** – or as mums in the know call it, the old “cone of silence” trick.

'I'm feeling a little overdressed'

SKIRT'S THE ISSUE

“What was I thinking wearing this?” It's a thought that runs through many a star's head on the red carpet, but Christina Hendricks has the solution at a *Mad Men* event in LA – a detachable OTT skirt! She's as versatile as she is voluptuous.

'Take it away!'

*'The next person to make
a gimp joke gets it!'*

LIGHT ON HIS FEET

Ryan Reynolds appears to be walking on air on the set of *Deadpool* in his native Vancouver, Canada. He's doing his own stunts as the titular comic-book antihero – a violent psychopath with a smart mouth and awesome ninja skills!

*'Damn stars think
they're above us'*

SLEEPING BEAUTIES

*'Not the sort of dribbling
I'm here for, kid!'*

*'Anyone got a bowl
of hot water?'*

COURT NAPPING

Despite the ridiculous number of A-listers who attend, some people clearly find going to the basketball a bit snooze-worthy. Heidi Klum's son Johan is one of them, as is Cody Simpson – which Justin Long and Gigi Hadid find pretty amusing!

WAIT! there's MORE!

Because we know how much you love your gossip

LIGHTS, ACTION K-STEW!

It looks like Kristen Stewart's getting a taste for working behind the camera! Well, kind of – in a shoot by Karl Lagerfeld for Chanel's new Spring/Summer eyewear campaign, the actress poses as a reporter toting a vintage film camera.

And it sounds like we might be seeing a lot more of K-Stew on that end of the lens!

"One day, I'm gonna direct movies!" she spilled last week.

We can't wait!

Well, that's one star who's definitely playing the frame game

"CUSTOM PUPPY PJ GAME STRONG," Katy Perry wrote alongside this super-cute Instagram snap of her new pyjamas, which pay tribute to her furry friend Butters. We want!

Praise Yeezus

Yeezus fans have incurred the wrath of Christians by spruiking a bible that swaps out mentions of "God" for "Kanye West".

The Book Of Yeezus: A Bible For The Modern Day retails for \$26 and its disciples say it adds "an original twist to something ancient... to capture new meaning".

Er, OK...

They said what?!

"A couple of women have wanted selfies afterwards."

Fans have special requests after sex with John Stamos!

"Is there another one stuck in there?"

Olivia Wilde has an important question about those post-baby body blues.

"I don't want to see any more willies!"

Playing Sansa Stark on *Game Of Thrones* has left Sophie Turner with major penis fatigue!

CODY & GIGI
THE COMPLETE FIRST SEASON

Gigi & Cody GET REAL!

Gigi Hadid and her Aussie beau Cody Simpson are set to star in their own reality show.

Yep, we're told the pair have been offered a \$26 million TV deal – and money-minded Kardashian mumager Kris Jenner wants to produce it!

"Kris has a vision to make Gigi and Cody the next power couple," reveals our exclusive insider.

OH, LILO... YOU'RE AS SHY AS EVER!

During a break from photoshopping selfies, Lindsay Lohan found time to strip off for this super-sexy shoot for *Homme Style* by celeb snapper Rankin.

Making love to the camera in racy boudoir gear, the redhead says if it was up to her she'd be in the buff, admitting she feels most comfy "naked and wearing Chanel No.5"!

WAIT!

MORE!

KARLIE AIN'T NO FANGIRL

Her phone book is bursting at the seams with the digits of Celeb Land's most influential players – including besties Taylor Swift and Selena Gomez – but model Karlie Kloss reckons the whole fame game is one big yawn-fest! “I’m a bit numbed by celebrity at this point,” she says in a new interview with *Porter* magazine. “Everyone’s just a normal person.” Come on, even Miley?

Stars in sy

Anne Hathaway proved she's got serious balls – well, one big one anyway – when she impersonated Miley Cyrus for her appearance on US TV show *Lip Sync Battle*. The actress had the audience in stitches with her spot-on rendition of the *Wrecking Ball* singer, while Justin Bieber got equally outlandish channelling his inner Ozzy Osbourne – complete with wig and eyeliner!

Photos: Bruce Weber/PORTER Magazine

TIGHT BONDS

Miranda Kerr stripped down to her undies with a bunch of fellow Aussie hotties – including (l-r) Ruby Rose, Kelly Gale, Samara Weaving, Rachael Taylor, Elyse Taylor, Jack Vanderhart and Sarah Stephens – in honour of the 100th anniversary of the Bonds brand. “It was such fun to... work with a room full of Australians,” she gushes. We can see why!

ync!

Biebs outta hell!

The pop star takes a walk on the dark side playing Ozzy.

THREE DILFS & A BABY

The arrival of his daughter James late last year has launched Ryan Reynolds on a one-man mission to reboot the 1987 flick *Three Men And A Baby* – and he wants fellow new dads Ashton Kutcher and Ryan Gosling to sign up! “They could call on a lot of their experiences to make the movie funny,” reveals an insider.

RUMOUR has it!

English is Bella Thorne's first language

FALSE

“My first language is Spanish,” reveals the US actress, whose late father was of Cuban descent.

Leonardo DiCaprio is turning his private island off the coast of Belize into an eco resort

TRUE

“[It] will change the world,” the actor claims of the environmentally friendly holiday complex he has planned for Blackadore Caye.

After six seasons, Nina Dobrev is leaving *The Vampire Diaries*

TRUE

“I want to be the first to tell you,” Nina wrote on Instagram, adding that she’s saying “goodbye” to the show this season.

WAIT!
there's
MORE!

WELL HELLO,

A-legs-andra!

Talk about a knockout! As supermodel Alessandra Ambrosio flaunts her gorgeous – and impossibly long – legs for Brazilian fashion brand Dafiti's winter (yes, winter!) campaign, we've got a serious case of pin envy.

IT'S OFF

BEN AND JEN

Jennifer Garner appears to be so jealous of her hubby Ben Affleck's *The Accountant* co-star Anna Kendrick she's been dropping in to the Atlanta, Georgia set of their flick to check on him! "Anna's very nice but super-flirty, and Ben loves the attention," spills an insider.

KENDRICK AND WHITNEY

Rapper Kendrick Lamar has popped the question to his girlfriend of 10 years Whitney Alford. "That's my best friend... She's somebody I can tell my fears to," he reveals.

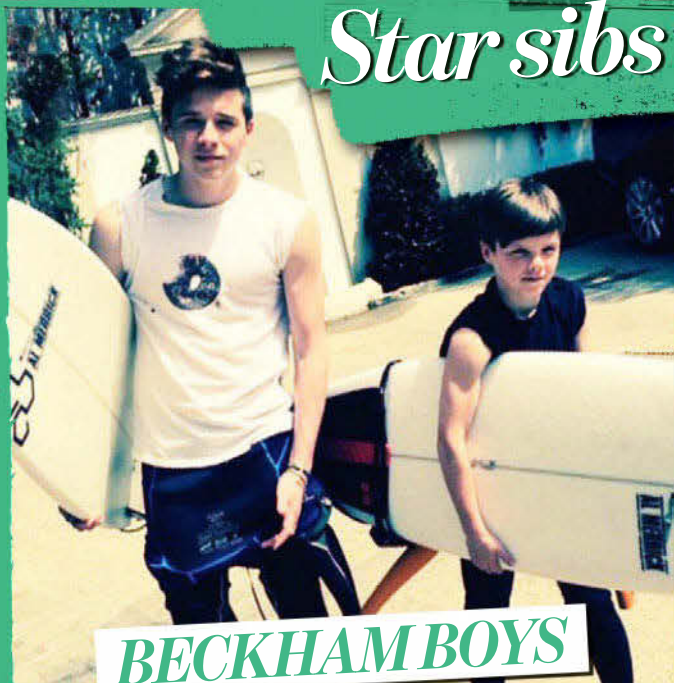

EMMA AND ANDREW

Emma Stone and Andrew Garfield – who's filming *Silence* in Taiwan – are on a break after falling foul of long distance. "But it's too early to say the relationship is over," says an insider.

'Still trying to make that hat work, dude?'

A photograph of Chris Hemsworth wearing a black jacket with colorful patterns and a green cap.

MANLY mannequins

Finally, we can get our hands on Pharrell Williams and Chris Hemsworth... Well, wax versions of them! While Thor's doppelganger is set to star in Madame Tussauds interactive Marvel Super Hero Zone in Sydney, Pharrell's resides at the famous hot spot in New York. No-one can hold a candle to them. Seriously, they'll melt!
